

MAY MEETING MINUTES

5-6-09

At 7:10, President Lynn Schmidt opened the meeting. Lynn talked briefly about the two tournaments in April. He went over our tournament and the North Texas Championship. Lynn then handed out the Ray Roberts Tournament awards.

Mike Howes had to make a special notation for the awards in December. Something about Susan Pickets performance getting the net for a fish that her partner needed help with. I guess she was busy.....

The May tournament will be at Lake Nacona. It's about 1 foot high and the water might be stained to muddy. The ramp will be the one West of the damn. 5 fish, 14-inch min. Tournament hours are from 6:00 A.M. to 2:00 P.M.

By Law changes:

2010 season for a point system. Lynn discussed the pros and cons. The basic premise of the change is to even out the winning power on all the lakes. It should also increase participation throughout the schedule and increase meeting participation. The officers had a meeting to work out the best plan and have it ready to submit to the club at a general meeting. The point system will be used for awards for both Top Six and Angler of the year.

Mike Howes brought up the idea of having a Top Three non-boater award for when the club gets larger. Again, the premise behind this type of an award is to encourage the non-boaters to compete to the very end.

Youth and Female Angler of the Year awards will also be determined by using the point system.

The report on Richard Gaughan was that he is doing well.

Raffle conducted at 7:51. Meeting adjourned at 8:00 P.M.
