SECTION 10 TOURNAMENTS

1. The tournament year is designated as the period from January 1st through November 30th of each calendar year with ten (10) scheduled tournaments held within that period.
2. A preliminary tournament schedule shall be proposed by the Executive Committee and by the President of lakes, tournament dates (one day or two), for the entire year and will be presented to the club's membership, at or before the January meeting. Either the Executive Committee or the President's

THE COLONY BASS CLUB

BYLAWS AND RULES

schedule will be chosen by a vote of all current members at the January meeting. Once a schedule is approved and published in the club's newsletter, the schedule will be final. However, the President may change the schedule when circumstances are such that it may be a dangerous fishing or trailering environment. In the event of a change in schedule for a tournament, the revised schedule will require all participants to compete on the same weekend and at the same times. In all circumstances, members are encouraged to use common sense and sound judgment in deciding whether or not to proceed.

3. The schedule will include seven (7) draw and three (3) buddy tournaments each year. There will not be more than two (2) overnight tournaments on the schedule per year. A buddy tournament shall be defined as one where members mutually choose their partners from among other members of the club. Members may "buddy-up" with the same member only once per year.

4. Partners for draw tournaments will be drawn at the regular meetings preceding the tournament. Only members, whose dues are current, will be eligible to participate in the draw. Each member is responsible for having their name placed in the draw, if unable to attend the meeting. Anytime a member wants to fish with a family member, guest, or alone they will advise the Secretary, who shall list them as a team for the tournament and then withhold their name from the draw. In the event a member with or without a boat is left unpaired by the draw or the partner backs out, the member must contact the judge of the upcoming tournament for pairing from the standby list. If a pairing of members cannot be made, the member may bring a guest (potential new member) or fish alone. All pairings for a tournament made after the meeting must be approved by the President / Tournament Judge prior to the tournament. If, due to a draw, a member is not paired-up and therefore unable to fish, that member shall be the first name drawn for the next tournament. It shall be the responsibility of the member to so inform the President, prior to the draw, at the next scheduled draw tournament meeting. A member may only be left "unpaired" due to the draw, one time per tournament year. Should any member be left "unpaired" more than once, the names of the last two teams (i.e. four names) will be returned to the "draw" and the first name drawn will be paired with that member.

5. A member may fish with a guest a maximum of three (3) times per tournament year. A guest may fish as a guest at only one (1) tournament per year. A guest will be awarded the appropriate points in our tournament ranking results. A guest will be allowed to use those points toward top six, classic and angler of the year if they join the club in the year in which they were awarded.

6. Tournament Judges will familiarize themselves with the bylaws and tournament judge duties set forth in this document. All tournaments shall be conducted in accordance with these bylaws and applicable laws.

a) A legal tournament fish will adhere to the wildlife department posted acceptable lengths and include only largemouth, smallmouth, or spotted bass. All fish will be measured for length with the mouth closed and the fins pinched together and will be weighed at the conclusion of the set tournament hours. All persons fishing a tournament must keep individual stringers at all times (fin clipping not permitted). Paperweights will be permitted for fish with a length in the State required slot on a lake. The State mandated weights for lengths in the slot will be used for weights at the tournament.

b) All federal, state, and county game and safety laws must be observed at all times. Life vests must be worn while the big motor is running.

c) All club membership dues and tournament fees must be paid prior to the start of the tournament. The draw will be determined by the Tournament Judge at the regular meeting. A list of partner names, tournament times, weigh-in site, and any side-pot information will be given to the membership by the Vice President in an e-mail prior to the tournament. Once published the times are final unless changed by the President under Section 10, part 2 above.

d) Judges for each tournament will be those that volunteer at the January meeting, if no volunteers then the Tournament Judge ("Judge") will be appointed by the President. The Judge will be responsible for weigh-in and enforcement of the laws, bylaws and rules. The Judge will be responsible for establishing the lake weigh-in site and tournament times. The Judge will record all necessary information in the tournament entry books and place his/her initials in the proper place to verify the big bass and total weight of the fish weighed. Judges are to be at the weigh-in site 15 minutes prior to the weigh-in time. The Judge will be

THE COLONY BASS CLUB BYLAWS AND RULES

responsible for designating the official time piece by which the tournament time will be kept. The Judge will be responsible for the weigh-in equipment and returning the tournament entry book to the President at the end of the tournament.

- e) A participant is required to be in sight of the ramp by the weigh-in time posted in the newsletter. A grace period for contestants reporting late to the weigh-in site will be as follows:
 - a. Up to 5 min.: 25% of total weight (plus big bass will also be penalized 25% of wt.)
 - b. 5 to 10 min.: 50% of total weight (plus big bass will also be penalized 50% of wt.)
 - c. 11 to 15 min: 75% of total weight (plus big bass will also be penalized 75% of wt.)
 - d. 16 minutes or over: Total weight and big bass will be disqualified for that day.
 - e. In the event a boat is late to the weigh-in due to helping another member of the club in a timely manner who is in distress on the water, the weights of the assisting boat will not be disqualified or penalized for being late if they contact the Judge or an officer fishing the tournament at least 15 minutes before the weigh-in explaining the situation. The weights of the boater that was being helped will be subject to the regular late penalties according to the time they make it to the weigh-in.
- f) All fish must be caught on artificial lures or pork rind. No trolling with gas engine allowed.
- g) The yearly standings will be determined by a point system which will be awarded based upon an individual angler's standings from the best 9 tournaments of each angler:
 - a. Points will be awarded at each tournament based upon an individual angler's ending weight as compared against all other anglers participating in a given tournament. Points will be awarded based upon a 100 point system. 100 points will be given to the angler with the highest weight for a given tournament. Points awarded for each subsequent position will be reduced by 5 points until 7th place at which the point reduction will be reduced to 2 points and 2 points for each subsequent position for anglers with fish.
 - b. In the case of a tie (for anglers with fish brought to weigh-in), the points for the higher position will be given to each angler. The position of the angler that trails the tied anglers will be to add one to the total count of the number of anglers that caught more total weight in the tournament.
 - c. Anglers in a tournament and that end a tournament with a zero weight will be awarded points based upon one third of the points of the angler that weighed in the lowest weights of the same tournament. No fish will be weighed-in prior to the designated time.
- h) Any protest related to violations of any law, bylaw or rule shall be made to the Judge no later than 20 minutes after the designated weigh-in time, unless impractical or impossible reasons cause a delay. The protest may be verbal or in writing and will be voted upon by all members present prior to dispersal from the weigh-in site. The Judge will disqualify that day's weight for that team if the protest is upheld. Disqualified weight will not count for any prizes or points. Any protest related to violations of any law, bylaw or rule that is not acted upon at the weigh-in site may be submitted in writing to the President within forty-eight (48) hours of the designated weigh-in time. The President shall present the protest before the membership at the next regularly scheduled meeting for a vote. If the protest is upheld, the questioned weight will be disallowed.
- i) It is required that all participants check in at the weigh-in to receive their points for fishing a tournament to ensure no one is left stranded on the lake. In the event a participant must leave prior to the weigh-in, they must notify the Judge or an officer or leave a note on the Judge's vehicle about their early departure.
- j) Each member is also required to extend courtesy to other fisherman and boaters at all times.
 - a. In addition to courtesy to other fishermen, it is suggested that courtesy between members should be maintained through allowing the non-boater to determine where they will fish for half of the tournament time.
 - b. Common fishing courtesy also dictates that the boater should be cognizant of the needs of the non-boater as to not "front end" them during the tournament.

THE COLONY BASS CLUB BYLAWS AND RULES

- k) All club members are responsible for their share of the expenses incurred to fish a tournament. Members are expected to settle the financial aspects of a tournament with their partners as soon as those expenses are known.
- l) If two boaters are paired during a draw, the first boater drawn can choose between being the boater or non-boater.
- m) When more non-boaters than boaters are in the draw at a meeting and a non-boater member is not present at the meeting, the non-boater at the meeting will be given preference when drawing teams for the tournament.
- n) Boat proximity to other boaters fishing: 50 yards if not anchored. 100 yards if anchored. o) A 1/2 lb. penalty will be assessed for each dead fish brought to the weigh-in.
- p) Tournament fee is \$15.00 and is dispersed as follows:
- (1) \$ 9.00 to the club for general expenses, and
 - (2) \$ 6.00 to the Classic Fund.
 - (3) Youth anglers will pay a tournament fee of \$ 5.00 and will not be able to fish the classic, except:
 - i) If the youth chooses to pay the full amount and intends to qualify for the classic.
 - ii) If the youth angler does not make the necessary points to qualify for the classic, no refund of the difference in tournament fee charges are allowed.
- q) Any excess funds at the end of the tournament year will be used at the discretion of the Executive Committee. Suggested uses are: a plaque for the “Angler of the Year”, “Junior Angler of the Year”, “Female Angler of the Year”, “Big Bass of the Year”, door prizes, and awards party.
- r) TCBC Classic: Each year the club will have a Classic tournament during one of the last two months of the tournament year. The Classic will be a two day event (no nights) and is not to be held prior to the completion of the last regularly scheduled tournament of a given year:
- a. The lake will be chosen at the meeting preceding the tournament. Each member that qualifies will be allowed to nominate one lake, but only member present can vote for the lake. No lake can be nominated for the Classic tournament that has a slot or a minimum over 14”. All nominations will be combined and the two lakes with the most nominations will be offered before qualified members for a vote. The lake of the two that receives the most votes will determine the location of the Classic. Only Texas lakes within 275 miles of The Colony are eligible to be nominated.
 - b. For a member to qualify to fish the Classic, he/she must meet all of the following:
 - i. Be a member in good standing with no amounts owed to the club
 - ii. Obtain nine (9) qualifying points in the current tournament year, prior to the Classic. One (1) point is awarded for each tournament attended. One (1) point is awarded for each meeting attended. A minimum of four (4) points must be received from tournament attendance.
 - iii. Non-boater exception to four (4) points from tournaments – a non-boater with three (3) tournament attendance points who was in the draw for a fourth tournament but missed fishing the tournament because the club did not have enough boaters to allow the member to fish can still participate in the Classic.
 - c. Partners for the Classic will be made by draw only.
 - d. The qualifying members that wish to fish the tournament MUST have their name in the hands of the President at the time of the draw. There will not be additions to the list after the meeting is concluded, except in the case of emergencies; and that change must be approved by a majority of the Executive Committee. It is the responsibility of all qualifying members that wish to fish the classic to make sure their name is in the draw.
 - e. The draw will consist of the random pairing of boaters with non-boaters. A name will be drawn from the non-boater group and teamed up with a name drawn from the boaters.

THE COLONY BASS CLUB BYLAWS AND RULES

- f. If a husband and wife or parent and child both qualify and would like to be exempted from the draw and fish together at the Classic, they must state it before the draw begins.
- g. If multiple qualified boaters remain unpaired, they will be matched together with other boaters by draw. In the case of a disagreement as to which boat is to be used for the tournament, the order of the drawing of the partners will identify which boat is to be used. The first boater drawn is to take his/her boat unless the partners agree to switch.
- h. If multiple qualified non-boater(s) remain unpaired (more non-boaters than boaters in draw), members with a boat that did not qualify to fish the classic may be allowed to pair up with a qualified non-boater. The selection of the boater will be done by selecting the boater(s) with the highest number of qualifying points. In the case of a tie, a random draw will be made.
- i. The draw will be final.
- j. The tournament shall be conducted in accordance with the normal law, bylaw and tournament rules. If there is a conflict between the regular rules and those in this section, those in this section will be followed for the Classic event only.
- k. Guests are not allowed during the Classic event.
- l. No paper fish weight will be allowed. Each team will be allowed to only bring in five (5) Bass per day. Only smallmouth, largemouth and spotted bass qualify.
- m. The President will serve as judge for the Classic
- n. The Classic will pay out to the top four teams at 40% for first, 30% for second, and 20% for third, and 10% for fourth.
- o. There will not be an entry fee for fishing the Classic.
- p. Members under the age of 17 may not qualify to fish the Classic, unless the youth angler paid full price during the year and fishes with a qualified parent.
- q. Funds for the payout for the Classic will be obtained by reserving a portion of the funds received from each adult entry from each regular monthly tournament.
- s) If a regularly scheduled tournament falls after the Classic, the portion of money paid in tournament fees which apply towards the Classic will be carried over into the following year. No qualifying points will be awarded for attending events after the Classic in the same year as the Classic.

SECTION 11 FISH TO BE RELEASED

1. All live fish, brought to the weigh-in, shall become property of the club to be released back into the lake. The two exceptions are:
